

Health Care Industry
Workforce Development Summit
October 17th, 2008

Keynote Address by
Assemblymember Mary Hayashi

We're building a new generation workforce for the rapidly changing health care industry. Join the dialog

.... with Assemblymember Mary Hayashi,
industry leaders,
administrators from education systems serving the Tri-Valley,
and key officials from government and public agencies

... to launch a regional workforce strategy

Save the Date
October 17th
7:30AM to 11:30AM
Hacienda Business Park
Pleasanton

The Summit addresses critical workforce shortages - current and projected - that will define the nature of health care in the coming years.

From diagnostic imaging technologists to nurses to pharmacists, from replacing large numbers of retirees to adding laboratory professionals and research scientists, industry workforce needs are rapidly growing and changing.

Dialog will focus on industry needs and gaps, education models that create industry-specific talent pools, and a collaborative workforce development process.
